LIABILITY INSURANCE

Third party motor insurance is a compulsory insurance that every car in Europe needs in order to be allowed to drive on the road. This insurance is liable for personal injury and property damage that the owner of a car caused with its own vehicle, but this insurance does not cover the damage to the owned vehicle. Third party motor insurance is also compulsory for car rental supplier. The coverage amounts are individually regulated by law but respective discrepancies per country can be high.

Third Party Insurance

In Europe, the coverage amounts of third party motor insurances differ per country. The included third party motor insurance represents the coverage in your destination country where the car will be picked up.

Supplementary Liability Insurance

For example the liability coverage amounts for motor insurances in the United States or Latin America or other countries are much lower. Most US States require the rental car company to have third party liability that financially protects whose customers. However car rental suppliers who only require to consider compulsory insurances by state may cover only the legal reimbursement with low compensation to the injured party. It is the driver's responsibility to carry insurance to protect against potential liability for injuries to other people and damage to whose vehicles and property. Customers should confirm that their own insurance meets the minimum limit set by the selected car rental supplier. The selected offer may include a Basic Liability Insurance with legally required coverages by country. A Supplementary Liability Insurance might be offered which is subject to be paid locally at the rental desk. Please be aware, that the information provided in this offer do not, and are not intended to, constitute legal advice; instead, all information, and content available on this offer are for general informational purposes only.

SECURITY DEPOSIT FOR THE CAR

Estimated deposit amount: 900.00 EUR

Upon collection of the car a security deposit will be blocked on the driver's credit card. This deposit is determined by supplier considering the applicable excess amount and selected car category. Please be informed that the value of the applicable excess, one tank of fuel and possible traffic fines can be additionally blocked on your credit card. It is recommended to present a credit card with chip, pin code and embossed numbers.

MEANS OF PAYMENT

At pick-up, a valid personal credit card in the main driver's full name is required as a guarantee. Business/corporate cards, cards with dual functionality (debit and credit) and credit cards issued by online-only banks (e.g., Revolut, N26, Wise, etc.) are not accepted. The card must be valid for at least three months after the drop-off date of the rented vehicle.

Recommended Payment Types

- Visa (personal)
- Mastercard (personal)
- Credit card with a chip
- PIN code
- Embossed letters/numbers

Standard- Elite, Fullsize, Premium, Luxury, Elite, and Higher Categories

For vehicles in these categories, two personal credit cards in the same driver's name are required. The cards must be issued by different providers, although the full deposit amount must be available on one of the cards.

Important Notice

If our recommendations are not followed, it becomes the driver's responsibility to ensure in advance that their intended payment method is accepted by the rental supplier. We strongly recommend following the above guidelines to avoid any issues at pick-up. If the driver fails to follow these recommendations and is unable to present a valid and accepted form of payment, the rental company may refuse to release the vehicle. In such cases, the booking will be treated as a no-show, and the applicable no-show fees will apply.

DRIVER

Minimum age: 23

Maximum age: 75

A young driver surcharge generally applies to drivers up to the age of 30 years. The applicable young driver surcharge and age policy may differ depending on your selected car category and country. Only drivers over 30 years old may rent superior car categories, such as Full Size or Premium/Luxury cars. This mandatory surcharge (as a guideline between EUR 5 - EUR 35 per day) is not included in the rental price and is paid in local currency at rental desk.

A senior driver surcharge or extra insurance applies to drivers over the age of 70 years. When applicable senior driver surcharges or extra insurances are obligatory and mostly payable at the time of pick up in the local currency. Senior driver age rules are different and depend on the dedicated terms of the respective car rental company and location. We strongly recommend you check the individual supplier's requirements as additional documents may be also required. In some locations, for instance, senior drivers must provide a medical certificate to confirm that they are medically fit to drive.

COMPULSORY DOCUMENTATION

Suppliers usually request compulsory documents and they further request a valid credit card with enough funds at time of pick up. Compulsory documents are determined by the supplier and are subject to vary per destination. In worst cases supplier decline the handover of the rental car because of insufficient documentation or the failure to provide a valid credit card with enough credits. In such a scenario your reservation will be treated as a 'No Show' and the cancellation policy according to your relevant rental terms of your reservation will be applied.

Compulsory documents for domestic rentals within or Latin America

Suppliers in Latin America usually accept a valid Passport rather than an ID card. Please be aware in case you fail to bring the respective and compulsory documents suppliers will decline the handover of the reserved and prepaid rent a car.

Compulsory documents for domestic rentals or within EU

Suppliers in France or UK, are used to apply an actual utility bill which represents the customers residential address together with the valid passport. In Italy customers must obligatory bring their Fiscal Code and the ID card. Please be aware in case you fail to bring the respective and compulsory documents suppliers will decline the handover of the reserved and prepaid rent a car.

Compulsory documents for pick up at a glance

At time of pick- up, the following physical documentation issued in the main driver's name must be presented at the rental desk referring to the suppliers reservation confirmation reference number

- Voucher where applicable
- Valid Passport/or ID card (For domestic rentals ID card may be mandatory)
- Valid Driving License
- Valid Credit Card with PIN CODE in the same name as the driver license
- Fiscal Code (applicable for Italian customers with destination Italy)
- Local renters may also require a round- trip ticket or require a verification process which may include verifying personal information by providing at least 2 documents showing proof of residency. Please check with the supplier before Pick Up

DRIVING LICENSE

When picking up the car, all drivers need to present valid driver's license typically held for at least one year with no major endorsements. Driver needs to provide physical driving license, digital or electronic format is not accepted. The required years of driving experience may vary according to the car category, country or car rental supplier. Some occupations such as professional sports people, entertainers, Taxi/delivery drivers or foreign service and military personnel might be excluded from the car rental insurance policy. Foreign service and military personnel may be excepted if used for social and domestic. Students under the age of 25 might be excluded from the insurance policy

Driving License Requirements domestic rentals

When renting a vehicle, some suppliers additionally require an extra form of identification (e.g. utility bill or bank statement), especially in the UK, France, or Italy. This extra identification should be less than three months old and must confirm your last name, first name, and address as indicated during the reservation process.

International Rentals Requirements

International rentals may have different requirements. We strongly advise you to check individual country or car rental supplier requirements as you may be asked to provide additional documentation or/and an international driving license. If an International Driving License is required, you will need to present both your international driver's license and your domestic license for pick-up. It is possible that drivers renting a car in their home country, but residing in a different country, may be required by the car rental company to present a driver's license from the country where the car is being rented. Failure to present this license may result in the car not being delivered. For holders of a UK driving license please visit DVLA for an update on recent changes to the paper counterpart effective from 8th June 2015. When renting in the United States the legal terms for 12- 17 passenger van rentals may differ as per rental destination. Please check the local requirements for driving license policy.

Domestic Driving Licence, issue in non-Latin Characters

If your domestic driving license is issued in non- Latin characters (e.g. Arabic, Chinese, Cyrillic...etc.), you will need to present an International Driving Permit in addition to your domestic driving license. Please remember that you must carry both documents also when driving your rental car. If the International Driver's Permits cannot be issued by your home Country (e.g. drivers from People's Republic of China), you may be allowed to present your domestic driving license accompanied by a Notarised Translation instead. We strongly recommend verifying the international driving license regulations applicable for your Country of pick-up, or to contact your Embassy for more information. Please keep in mind, however, that while a certain Country's regulations may not require an International Driver's Permit, some car rental suppliers located in that Country may require to present the International Driver's Permit anyway.

Driving Licence Requirements for destination Japan

The drivers age must be at least 18. Please be advised that only drivers with driving licences from the IDP countries listed in 1949 Geneva convention are acceptable. International Driving permissions which are issued in the countries Belgium, Estonia, France, Germany, Monaco, Slovenia, Switzerland, Taiwan are only accepted in combination with a translation of the driver's license issued from Japan Automobile Federation (JAF), more information is available here: <http://www.jaf.or.jp/e/translation/with.htm>. Chinese driving licenses are not accepted in Japan at all also not in combination with official translations.

Important Notice

If any of the mandatory documents listed on this voucher do not meet the specified requirements, we strongly recommend contacting your booking source. For urgent matters, especially if your pick-up is scheduled within the next 48 hours, please reach out to our helplines for immediate support.

ADDITIONAL DRIVER

Additional Driver surcharges are usually not included in the rental price and are to be paid in the local currency at the rental desk. However there are special offers or promotions where the additional driver surcharge for a minimum of one driver is included in the rental price. In this case it is clearly stated under the listed price inclusions.
